## About Our Program

McIntyre House offers a unique rehabilitative experience for men seeking recovery from alcoholism and drug addiction. Set in a safe and supportive environment, we are committed to providing each client with the very best opportunity for recovery and long term sobriety.

Duration of residence at McIntyre House ranges from 9 to 12 months. Our structured social-model approach to building a strong and lasting foundation for recovery is predicated on a 12-step philosophy of daily living. Residents live and learn together in a recovery-focused community supported by recovery enhancing group norms.

## McIntyre House

Is committed to providing chemically dependent individuals with the very best opportunities to become drug-free, responsible, and productive members of society.

## Are We Right For You?

McIntyre House is highly effective and affordable. Anyone ready and willing to begin the journey of recovery is welcome to apply, including those transitioning out of detox facilities or inpatient hospital programs.

Suffering from the disease of addiction, men from divergent backgrounds find common ground at McIntyre House and work together towards a common solution for recovery.

The requirements for admission are: male, 18 or over, able and willing to participate in a clean and sober learning experience and to work toward self-sufficiency, productivity, and a spiritually-centered life.

## About Our Facility

McIntyre House is a clean and spacious 5,000 square foot residence. Our clients enjoy comfortable double or triple rooms. Other amenities include a community entertainment room, full laundry facilities, outdoor exercise area and a recovery garden. Our facilities also have on-site computer and internet access. Program enrollment includes three meals daily (including a family style supper).
